## Lunar Voice Loves Animals

At Lunar Voice, we believe in the power of connection and communication, not just among people but also with our furry friends. That's why we are thrilled to announce our partnership with **Saskatoon Dog Rescue**. This incredible organization is dedicated to providing loving homes for all dogs in need. Together, we aim to shine a spotlight on the precious souls who are patiently waiting for their forever homes.

By featuring these amazing animals in our newsletter, we aim to raise awareness about their stories and increase the chances of finding them loving families. In addition to featuring pups in our monthly newsletter, we will also be **donating 5% of our monthly revenue** to Saskatoon Dog Rescue. Lunar Voice is committed to making a positive impact, and we invite you to join us in supporting these organizations and spreading the word about the importance of pet adoption. Together, we can make a difference in the lives of these deserving animals.

## THIS MONTHS FURRY FEATURES:

### Everest!

Everest is a lover! She likes to "flop" on anyone who gives her attention; she is an 8-month-old Labrador Mix. She doesn't have a mean bone in her body and is so good at respecting boundaries. Her favourite activities include playing with other dogs and hanging out on the couch. She is very food-motivated, which has been wonderful for all her training and daily routines. She has a good recall and will return to you when you call her name. This love ball is kennel and house-trained. She loves other dogs, does well with children, and has yet to be introduced to cats (no issues expected). Everest isn't the picky time and will be a great addition to any family willing to love her unconditionally!

### Link!

Link is a 2-year-old Labrador mix and is a sweet and somewhat timid dog with an endearing personality. He quickly warms up to you and enjoys cuddling on the couch. Link entertains himself with toys and loves some couch snuggling, often resting his head on your leg while you work. He's best suited for a home with another dog to play with. Link is house-trained and communicates his need to go outside. He's eager to please, food-motivated, and knows commands like sit, lay down, come, and leave it. Link is also kennel-trained but is well-behaved when left out. Patience and positive reinforcement are key in helping him adjust to new situations and build confidence.

### Kuruk!

Meet Kuruk, a 7-year-old resilient male Shepherd mix with untapped potential. He's great with people and kids, loves obedience training, and is housebroken and crate-trained. Despite some behavioural challenges, Kuruk is on a transformative journey and seeks a patient companion. He'll thrive as the only pet with ongoing leadership, training, and attention. While he can ignore other dogs, he won't have doggy friends or siblings. With your love and commitment, Kuruk can become the loyal companion he's meant to be. SDR offer a trial period with support from Paws Republic Centre for Pets to ease his transition and address any training or obedience concerns.

### Cranberry!

Cranberry is a 4-month-old shepherd mix boss lady! Her brothers' crazy behaviour makes her a tough chick. She can run and play with the best of them! She does well with kids and cats as well. She is working hard at her house manners and kennel training. Cranberry is the perfect example of sweet and spicy! The addition of Miss Cranberry is sure to jazz up any dull days!
