# The Lunar Tails

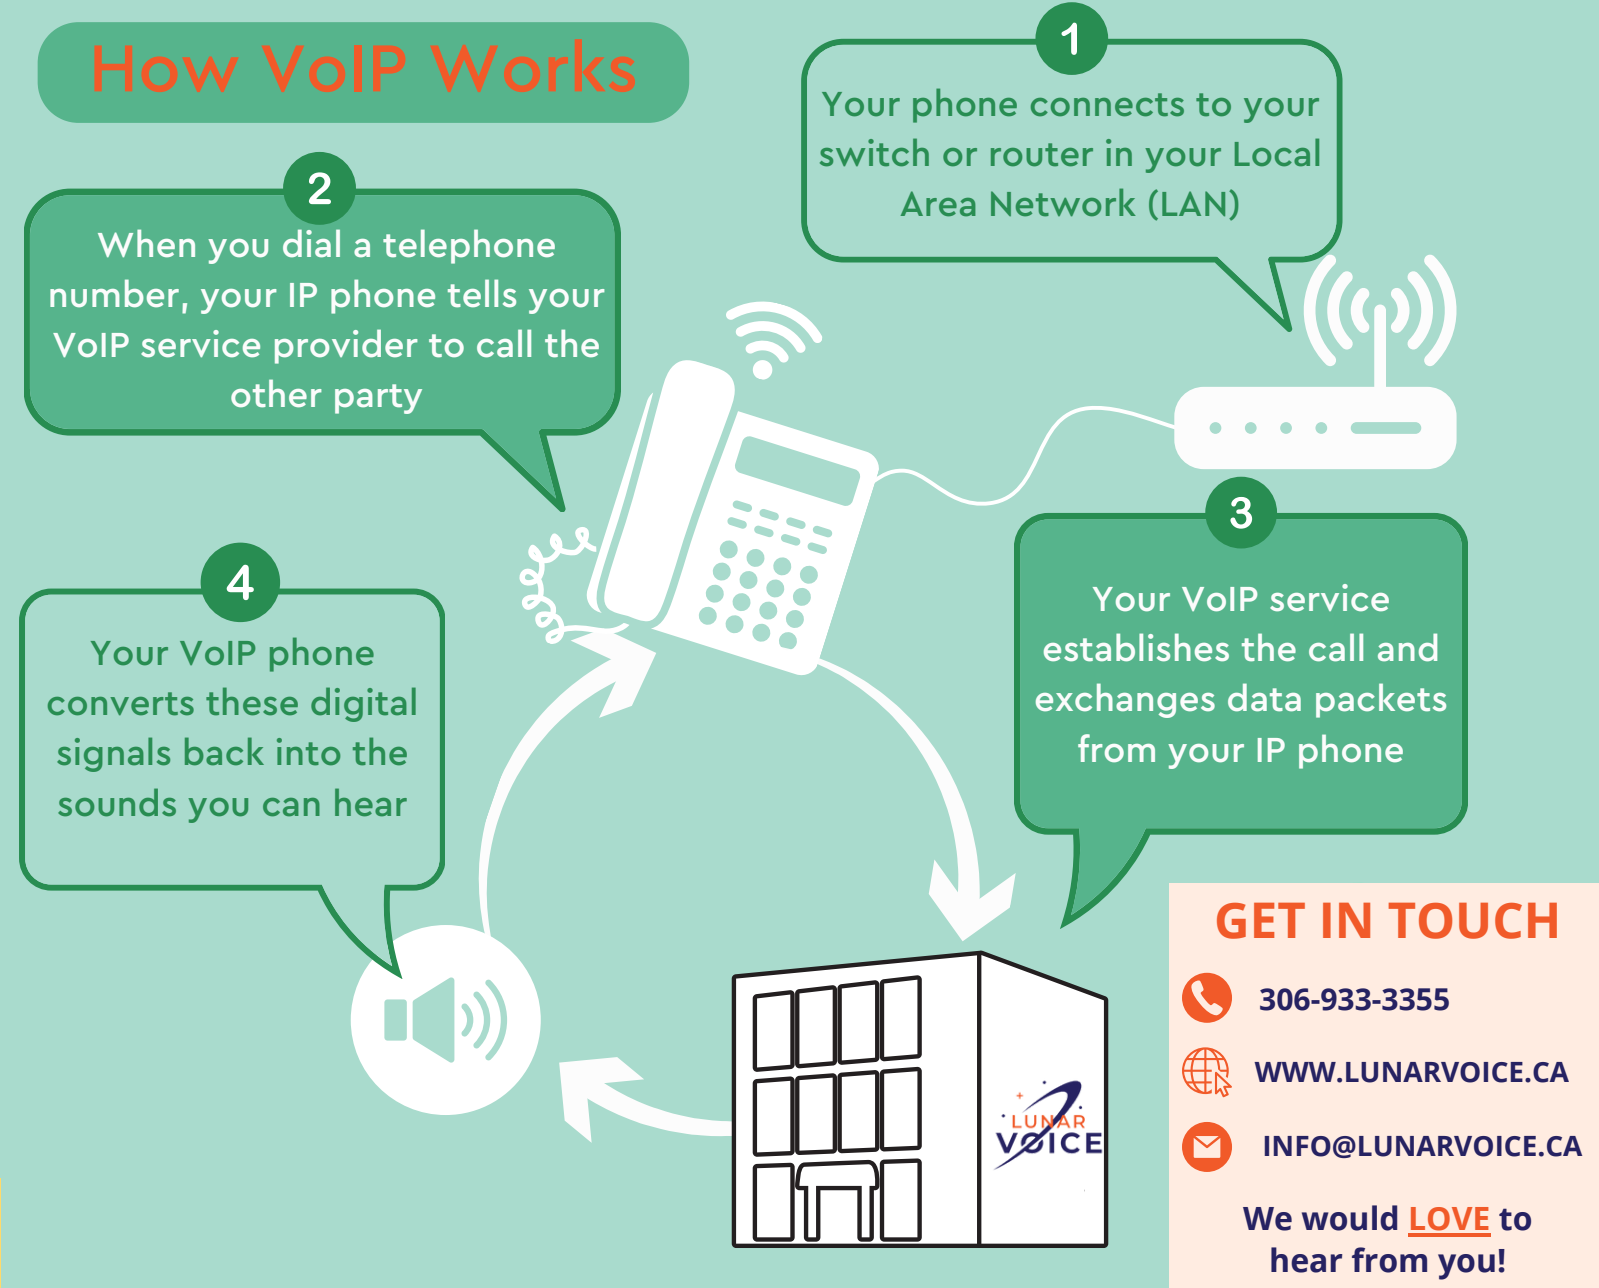

A RIVERCITY TECH COMPANY

May 2024!

## How VoIP Works

- 1 Your phone connects to your switch or router in your Local Area Network (LAN)
- 2 When you dial a telephone number, your IP phone tells your VoIP service provider to call the other party
- 3 Your VoIP service establishes the call and exchanges data packets from your IP phone
- 4 Your VoIP phone converts these digital signals back into the sounds you can hear

## Lunar Voice Loves Animals

At Lunar Voice, we believe in the power of connection and communication, not just among people but also with our furry friends. That's why we are thrilled to announce our partnership with **Saskatoon Dog Rescue**. This incredible organization is dedicated to providing loving homes for all dogs in need. Together, we aim to shine a spotlight on the precious souls who are patiently waiting for their forever homes.

By featuring these amazing animals in our newsletter, we aim to raise awareness about their stories and increase the chances of finding them loving families. In addition to featuring pups in our monthly newsletter, we will also be **donating 5% of our monthly revenue** to Saskatoon Dog Rescue. Lunar Voice is committed to making a positive impact, and we invite you to join us in supporting these organizations and spreading the word about the importance of pet adoption. Together, we can make a difference in the lives of these deserving animals.

### Fun Dog Facts!

1. Dalmations are BORN WITHOUT spots!
2. A dog's nose print is unique, much like a person's fingerprint!
3. All puppies are born deaf. Typically after 3 weeks they develop their hearing!
4. The world's tallest dog was Zeua, a Great Dane and stood over 7 feet tall!
5. Three dogs survived the Titanic sinking. 2 Pomeranians and a Pekingese.

## THIS MONTH'S FURRY FEATURES:

MAC

**Mac** is a 5-month Huskey Shepherd mix and is very energetic and eager to please! He spends his days playing with the resident dogs and kids (he really likes tug of war), exploring outside and snuggling with his foster. His absolute favourite thing to do, though, is eating! He is very food-motivated, which has made training much easier. He is doing very well with his house manners, rarely having accidents. He is fully kennel-trained and sleeps through the night. Mac is a happy, lovable dog who would be a great family dog!

TALLULAH

**Tallulah** is a six-month-old mastiff mix. She is a big teddy bear who loves cuddles. She is good with other cats and dogs and loves to play. She is very smart and has picked up on her training very quickly. She knows to sit, stay, and waits patiently for her food. She is also fully house-trained. This sweet, smart girl has a kind temperament that would make any family lucky to have her! Tallulah has a prolapse of an eyelid gland, commonly known as cherry eye. It will need to be surgically corrected at the time of her spay. Saskatoon Dog Rescue will cover the cost of the corrective procedure to her eye.

GROOT

**Groot** is a 1-year-old retriever mix and is a super happy, playful and friendly boy! He is easygoing but full of energy. Overall, he is a big baby who loves belly rubs and spending time outside. Groot listens well and learns quite quickly. He also enjoys going for truck rides with his foster family. This smart boy is completely house-trained. He can be left in the house to free roam as long as he's got a toy or chew. He is still getting used to the leash and will need a little more training on that. He gets along with other dogs, cats and children. Groot wants to love and be loved by his forever family; could that be you?!

IVY

**Ivy** is an approximately 11-week-old pitbull mix. She loves to have your attention and enjoys cuddles. She can be pretty playful, wrestling with her siblings, but she also does great on her own as well as playing with her toys. She also enjoys being in the company of the three adult resident dogs. She does well with children and has yet to meet any cats, although no issues are expected. She is mostly pee pad training and is starting to work on house manners and kennel skills. Ivy is hoping to find a very loving forever family.
