July 2024!

5 Fun Facts About VoIP You Probably Didn't Know

Voice over Internet Protocol (VoIP) has revolutionized communication. Here are five fun facts about it!

- 1. Humble Beginnings:** The first VoIP call was made in 1973 by ARPANET, the precursor to the internet, showcasing early digital communication innovations.
- 2. The "Pizza Connection":** In 1995, VocalTec launched the first commercial VoIP service, allowing users to order pizza online, making life more convenient early on.
- 3. VoIP Saves Lives:** During Hurricane Katrina in 2005, VoIP services helped coordinate rescue efforts when traditional phone lines were down, proving its critical role in emergencies.
- 4. VoIP in Space:** Astronauts on the International Space Station use VoIP to communicate with mission control and family, showing VoIP's versatility even beyond Earth.
- 5. The Future of VoIP:** With advancements in 5G technology, VoIP is set to become faster and more reliable, promising an exciting future for communication.

VoIP is more than a tool for making calls; it has a rich history and a bright future!

We would LOVE to hear from you!

Lunar Voice Loves Animals

At Lunar Voice, we believe in the power of connection and communication, not just among people but also with our furry friends. That's why we are thrilled to announce our partnership with **Saskatoon Dog Rescue**. This incredible organization is dedicated to providing loving homes for all dogs in need. Together, we aim to shine a spotlight on the precious souls who are patiently waiting for their forever homes.

By featuring these amazing animals in our newsletter, we aim to raise awareness about their stories and increase the chances of finding them loving families. In addition to featuring pups in our monthly newsletter, we will also be **donating 5% of our monthly revenue** to Saskatoon Dog Rescue. Lunar Voice is committed to making a positive impact, and we invite you to join us in supporting these organizations and spreading the word about the importance of pet adoption. Together, we can make a difference in the lives of these deserving animals.

Hot-Diggity-Dog! It's summertime!

Here are the 7 tips to keep dogs cool outside in hot weather!

1. Keep them hydrated! Try adding some ice cubes to their water to keep it cooler for longer.
2. Take frequent breaks to cool down and provide lots of shade.
3. Use cooling mats or ice packs in their bed to keep them cool.
4. Give them frozen treats and toys. Ice licks, ice popsicles, frozen fruits or veggies, and frozen Kong treats are great ways to keep them cool and busy.
6. Go swimming (or do anything water-related), use sprinklers, go to doggy pools, or even just play with the garden hose.
7. Exercise at cooler times of the day.

THIS MONTH'S FURRY FEATURES:

Casey

Casey is the fluffiest 15-month-old Husky mix pup! He is a pretty chill little dude who loves to nap whenever he has a chance, especially behind the couch. He spends most of his time wrestling and playing with his littermate. Another big favourite is long walks on the beach. He is currently starting to work on his house manners. Casey is food-motivated, which will make the rest of his training much easier. He gets along well with other dogs and has yet to be introduced to cats or children (no problems foreseen). Casey is such a sweet boy and will make a phenomenal addition to a loving family!

Jax

Jax is a sweet, sassy, quirky, loveable 1-year-old Husky mix who loves to RUN at the dog park but is also happy to cuddle with you on the couch at night. She loves belly rubs and a good ear scratch. She does have a lot of energy and would do best in a home that could exercise her regularly. Jax is a fantastic friend to have by your side, can spend hours at a time outside on a nice day and sits nicely in the back seat of the car, looking out the window, watching the world go by.

While at her foster home, she lived with three other fosters. Jax gets along well with all the dogs she has met. She plays rough at times but is polite enough to know when the feeling is not reciprocated. She has met cats at her various dog sitters over the last year and has not had any issues. She is good with kids overall as well. Jax is the most loving pup, and she can't wait to join an equally loving and active family!

Ruby

Ruby is a Lab-Pitbull mix and is 5 months old. She is a playful and curious pup who would love to follow you around. Although she can be shy when she first meets you, she opens up fast and will be running her zoomies for you in no time! Ruby enjoys playing with the other dogs in her foster home but also does well entertaining herself. Her favourite pastimes are playing with her dog friends, chasing her ball and toys, and finding a new spot to hide her favourite chew stick.

Ruby has been sleeping well in her crate at night and heads in there when she sees you going to bed. She is working on daytime crate training as well. She is open to snuggles in the morning or before bed. Her house training is coming along really well, with her starting to ask to go outside. Ruby is thriving with routine and boundaries. She is getting more confident at being on her own every day. Ruby is very smart and picks up on things quickly. Ruby is a sweet soul who will be loyal and loving to her forever family!

Strawberry

Strawberry is an 8-month-old Shepherd mix. This little sweetheart is full of personality! She is a very energetic and playful ball of fur. She loves attention and willingly gives her affection and cuddles in return. With proper introduction, she gets along well with other dogs. She is currently being fostered in a home with 2 other dogs that she loves to chase and constantly play-fight with. She also enjoys playing with her toys and chewing on bones. She is good with kids but unknown around cats.

Strawberry still has lots of puppy energy and is continuing to work on her boundaries. She is fully housetrained and kennel trained and sleeps well throughout the night. She knows basic commands like sit, shake a paw, wait, and lay down. She is highly motivated by food, which helps a lot with her training. With all of her playful energy, she would do best in an active home or a home with another dog for her to play with.
