Stay Connected This September: How VoIP Enhances Back-to-School Success

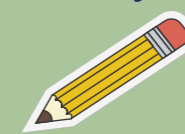

As September rolls around, the excitement of back-to-school season is in full swing. For families, it's a time of new beginnings, fresh notebooks, and the return of routine. For businesses, particularly those in the VoIP industry, it's an opportunity to reassess communication needs and ensure seamless connections as the hustle and bustle of autumn sets in.

With schools reopening and workplaces returning to normalcy, the demand for reliable communication tools is higher than ever. VoIP services offer the flexibility and efficiency needed to support this transition, whether it's for coordinating remote learning, managing increased customer inquiries, or facilitating team collaboration.

Now is the perfect time for businesses to upgrade their VoIP systems, ensuring that they are equipped with the latest features to handle the demands of a busy season. Enhanced call management, video conferencing, and mobile integration are just a few ways VoIP can make the back-to-school period smoother for everyone.

As you gear up for September, consider how VoIP's advanced capabilities can benefit your communication strategy. With the right tools in place, your business can stay connected and productive no matter how hectic the season gets.

Wishing everyone a successful start to the school year and a seamless transition into the fall season!

Back to School

Lunar Voice Loves Animals

At Lunar Voice, we believe in the power of connection and communication, not just among people but also with our furry friends. That's why we are thrilled to announce our partnership with **Saskatoon Dog Rescue**. This incredible organization is dedicated to providing loving homes for all dogs in need. Together, we aim to shine a spotlight on the precious souls who are patiently waiting for their forever homes.

By featuring these amazing animals in our newsletter, we aim to raise awareness about their stories and increase the chances of finding them loving families. In addition to featuring pups in our monthly newsletter, we will also be **donating 5% of our monthly revenue** to Saskatoon Dog Rescue. Lunar Voice is committed to making a positive impact, and we invite you to join us in supporting these organizations and spreading the word about the importance of pet adoption. Together, we can make a difference in the lives of these deserving animals.

Frequently Asked Questions

Can I meet a dog before applying?

Due to the high volume of applications SDR receive and being a foster-based rescue, an application is required to be submitted before any meet & greets. Be sure to keep an eye out for adoption events! These are great opportunities to meet dogs before applying.

What does the adoption fee include?

Upon entering care, all dogs are seen by a veterinarian and undergo a health check. This ensures that they are physically, mentally, and behaviourally healthy. The health check also ensures that all dogs are dewormed, provided age-appropriate vaccinations, microchipped, spayed/neutered (if older than six months), and given any other necessary medical care.

How can I tell if a dog is good with kids, cats and/or other dogs?

If a dog has experience with cats, kids, or other dogs, it will be noted in the dog's adoption biography on the SDR website. If SDR feels that a dog would do well in a specific scenario (without cats, in a single-dog household, etc.), this will also be noted in their biography. A dog often comes in with an unknown history, so they may not know everything about them. However, all of the dogs are behaviourally cleared before being put up for adoption.

I live outside of Saskatoon, can I still apply?

Yes, you can! A virtual meet-and-greet process allows you to meet your dog and ask the foster family questions, all without having to travel to Saskatoon! However, should you decide to adopt the dog, you are responsible for picking it up on a mutually agreeable date arranged with your dog's foster family.

When are new dogs listed?

New adoptable dogs are listed on Thursday mornings between 8 a.m. and 12 p.m. on the SDR website and socials. As these new pups become available for adoption, they will be listed on the Adoptable Dogs page, which is updated daily. We encourage you to check the SDR website or socials regularly for new updates!

THIS MONTH'S FURRY FEATURES:

Cassiopeia

Cassie is a 10-week-old Shepherd mix. She is a shy yet sweet pup with a playful and affectionate nature. She loves being petted but prefers not to be held. Cassie is always ready for fun, whether she's running and chasing, chewing on her favourite toys, or simply lying in the grass. When she's not busy playing, she enjoys cuddling up for a nap. Cassie is laid-back and adapts easily to whatever's going on around her.

Aster

With an outgoing and high-energy personality, Aster is as playful as they come. She is a 10-week-old Shepherd mix and while she's affectionate on her terms, she thrives on independence. She loves running after toys, playing with her litter mates, and chewing on squeaky toys. Aster is a quick learner and highly motivated by food. Her favourite activities include running, chasing, playing with her sisters, and enjoying squeaky toys. Aster would make a fantastic addition to an active home ready to embrace her energetic spirit!

Isabelle

Say hello to Isabelle! She is an 11-week-old Shepherd mix who is so affectionate. She adores being cuddled and hanging out on the couch with her foster family. She also loves to play with other dogs and all the people. She follows her family and their resident dogs around the house. Her energy level is moderately high, but she loves to have a good nap after a playing session. She is very adaptable and just happy to be wherever her crew is at! Isabelle is a very smart puppy and a quick learner. Isabelle is crate-trained and is pretty quiet when she's in there. She has already mastered how to sit and is working on how to lay down and sit and wait for her food. She is pretty calm and travels well in a vehicle. She has been well-socialized with kids and dogs and is learning to respect cats and their boundaries. Anyone who has met Isabelle has instantly fallen in love with her, and you for sure will, too!

Chucky

Chucky is a 5-month-old Border Collie mix who is full of energy! He enjoys his play time just like any other pup! His peppy nature is a charming feature and he is always on the hunt for a new friend. Chucky is the leader of the pack and enjoys companionship of any kind! His stunning eyes set the mood for falling in love with this quirky character!
